

Veenapani Veena

Engineering Manager · Backend Architect · AWS Certified

Orlando, Florida 660-233-1436 Veenapani.v@gmail.com linkedin.com/in/veenapani-v

Engineering manager with **12 years in software** and **3+ years leading cross-functional teams**. I drive architectural transformation, land business-critical work under tight deadlines, and grow engineers into their next role.

EXPERIENCE

Engineering Manager — Rx Savings Solutions

Jan 2024 – Present

- Led monolith-to-BFF migration enabling independent deployments — cut release cycle time **40%**.
- Spearheaded Redis ElastiCache adoption for a **30% performance gain** across critical APIs.
- Managed a time-sensitive third-party API upgrade across product/dev/QA — delivered **1 week early**.
- Built an internal AWS learning platform (API Gateway, Lambda, Terraform) to onboard and upskill developers.
- Coached two engineers stalled 5+ years in role to promotion through targeted growth plans.

Senior Software Engineer — Rx Savings Solutions

Feb 2022 – Jan 2024

- Built an in-house deployment tool (UI + AWS Step Functions) that standardized QA deployments.
- Designed the AWS architecture for the RxSS Flutter app, including an API Gateway + DynamoDB analytics pipeline.
- Co-designed an in-house ORM streamlining data mapping and API integration across screens.
- Led development of core features including Drug Search and Medication Reminders.

Software Engineer — Rx Savings Solutions

Aug 2019 – Feb 2022

- Delivered major app surfaces — Medication Dashboard, Savings Dashboard, Profile Setup — with full unit and integration coverage.
- Stood up the mobile CI/CD pipeline on Codemagic.

Associate Senior Software Engineer — Cerner Corporation

May 2015 – Jul 2018

- Customized enterprise Confluence with internal plugins and testing frameworks.
- Built a gamification platform and timesheet system in Java Spring Boot for employee behavior analytics.

Software Engineer — Misys (now Finastra)

Dec 2013 – May 2015

TECHNICAL

Languages Java, Dart (Flutter), JavaScript, Python

Cloud AWS — Lambda, API Gateway, DynamoDB, ElastiCache, EC2, Route 53, ALB, Step Functions

Frameworks & AI Spring Boot, Flutter; Claude, AWS Bedrock, SageMaker, Copilot

CI/CD & Testing Terraform, CodeMagic, GitLab, JUnit, Flutter Test

AWARDS

Hack Midwest Hackathon — Winner, 2022

Wolverine Peer-Nominated Award, RxSS — 2022

Women in Security KC Scholarship — Winner, 2019

NOTT Award for contribution, Cerner — 2017

EDUCATION & CERTIFICATION

M.S. Computer Information Systems — Univ. of Central Missouri, 2019

B.E. Computer Science — SJB Institute of Technology, 2013

AWS Certified Cloud Practitioner · Engineering Leadership Certificate
